Welcome & Introductions

Renae Moch welcomed attendees and introductions were done around the room.

Subcommittee Updates

Prevention/Education/Awareness – Renae Moch, Public Health Director

Renae Moch provided an update on prevention efforts. The ND Department of Human Services issued a no-cost extension for the grant through June 30, 2018 which was originally April 30, 2018. We are currently waiting for the RFP's to re-apply for the second round of funding for the STR Community Opioid Grant. Since the last meeting Narcan training was completed for Wilton Public School staff (34 individuals) and the BJA Steering Committee (15 individuals). The total number trained on Narcan since October 2017 is 347 individuals.

Renae also reported on the number of grant purchased Narcan that has been administered at the time of this meeting. Since October 27, 2018, 33 doses were administered saving 18 lives.

Treatment & Recovery – Jodie Fetsch, Mandan Good Neighbor Project

Jodie Fetsch provided an update on Mandan's Good Neighbor Project, the first syringe services program in the state of North Dakota. They currently have 42 enrollees from both Morton and Burleigh Counties.

Emergency Sheltering – Renae Moch

Renae Moch reported on the efforts of the Long-term Emergency Shelter Steering Committee. The steering committee members will host a community stakeholders meeting on July 19, 2018 at 2:00 PM at Bismarck Public Works. At this meeting committee chairs will share the subcommittee work they have completed, United Way will provide an update on the long term efforts of the Sunrise Shelter and

stakeholders will learn about the next steps in developing a long-term plan to address homelessness. This stakeholders meeting will conclude the work of the Long-term Emergency Shelter Steering Committee.

Intoxication/Withdrawal Management – Chief Dan Donlin and Renae Moch

Chief Dan Donlin provided an update a meeting that was held regarding law enforcement medical clearance standards. Before a facility may hold a person for detoxification, a licensed medical provider must provide medical clearance. Workflows were discussed where emergency department staff would provide discharge summary papers to law enforcement officer. The law enforcement officer gives the discharge summary to Burleigh County Detention Center staff. There would be no additional forms required. A decision tree will be developed as a validated tool to increase efficient use of resources. This subcommittee will review the assessment tool prior to implementation.

Renae Moch reported that this subcommittee met on May 31, 2018. We are still looking at bringing CIT training locally. Subcommittee members will design and work on a detox facility plan which will be reviewed by committee members at the next meeting.

Enhanced Emergency Services Project – Region 7 Lynden Ring & Tim Gienger (West Central Human Service Center)

Lynden Ring & Tim Gienger provided an update on service expansion efforts of West Central Human Service Center.

The next meeting is scheduled for Thursday, September 6, 2018 at Bismarck Public Works at 10:00 AM.

Respectfully submitted,
Renae Moch, MBA, FACMPE
Director, Bismarck-Burleigh Public Health
