

## *Fire Department*

**DATE:** May 6, 2021

**FROM:** Gary Stockert, City Emergency Manager

**ITEM:** Request approval to pursue grant funding from the Hazard Mitigation Grant Program for the installation of three (3) new sirens in north Bismarck.

### **REQUEST**

Approval to pursue grant funding from the Hazard Mitigation Grant Program for the installation of three (3) new sirens in north Bismarck.

Please place this item on the 5/25/2021 City Commission meeting agenda.

### **BACKGROUND INFORMATION**

The Hazard Mitigation Grant Program (HMGP) has grant funding available for mitigation local mitigation projects. To apply, the City must provide a commitment to meet the local matching fund requirements. The local matching fund requirement is 15%, which will be provided as cash and/or in-kind contributions, and paid upon receipt of all bills. Also, a portion of the non-federal share of the HMGP project is contributed by the State of North Dakota (10%). The estimated 100% cost of this project is \$91,000.00. The local cost share (15%) would be \$13,650.00. This local match will be requested through the 2022 budget process.

### **RECOMMENDED CITY COMMISSION ACTION**

Approve grant funding from the Hazard Mitigation Grant Program for the installation of three (3) new siren installation in north Bismarck.
