

# Public Works Service Operations Department

**DATE:** 7/20/2021

**FROM:** Jeff Heintz, Public Works Service Operations Director

**ITEM:** Request for approval to pursue grant funding from the Hazard Mitigation Grant Program for the Fire Station #1 Backup Generator

## **REQUEST:**

Approval to pursue grant funding from the Hazard Mitigation Grant Program for the Fire Station #1 Backup Generator.

Please place this item on the 7/27/2021 City Commission meeting agenda.

## **BACKGROUND INFORMATION:**

The Hazard Mitigation Grant Program (HMGP) has grant funding available for the Fire Station #1 Backup Generator Project. To apply, the City must provide a commitment to meet the local matching fund requirements. The local matching fund requirement is 15%, which will be provided as cash and/or in-kind contributions, and paid upon receipt of all bills. Also, a portion of the non-federal share of the HMGP project may be contributed by the State of North Dakota. Total project cost of the 125,000 kw natural gas generator is \$160,050 (generator \$60,000, engineering fees \$10,500, contingency, \$14,550, and construction costs \$75,000). The 2021 budget allows for \$60,000.00 for the purchase of the generator. Our grant funding request for installation of the generator is \$100,050.

## **RECOMMENDED CITY COMMISSION ACTION:**

Approve grant funding from the Hazard Mitigation Grant Program for the Fire Station #1 Backup Generator Project.
