BACKGROUND INFORMATION:

The City Commission directed the Special Assessment Task Force (SATF) to reconvene in July of 2021. Membership of the SATF reflected stakeholder groups and residents of the city. The mission of the SATF was: Recommend a residential and commercial fee structure; Request ballot question verbiage approving the street utility fee concept, and Recommend timing of the ballot question. The SATF update results from a progression of meetings over the course of many months, robust discussions with the stakeholder and residential SATF representatives, general policy consensus, and development of final recommendations for consideration of the City Commission.
