PRESENTATION OVERVIEW

Our presenter(s) want to give your group/organization a learning experience that will help generate conversation during the presentation, as well as after we have left, and create a lifelong desire to practice preparedness for individuals in attendance. We utilize an all-hazards approach for preparedness and want to show that you don't need to spend large amounts of money to be prepared in the event of an emergency.

PRESENTATION TOPICS

(YOU MAY PICK MORE THAN ONE)

- What are the four components to being prepared?
- How to sign up for weather alerts or utilize emergency alert apps.
- How do you create an emergency communication plan?
- What supplies can be utilized in an emergency preparedness kit?
- What documents should I make sure to have copies of in the event of an emergency?
- Who should you prepare with?
- What are handwashing basics to stop the spread of germs?

The following list includes topics that will be covered in our presentation: We will also provide some fun activities if your group/organization would like additional preparedness experiences. We can show the importance of handwashing and the ease at which germs are passed through a Glow Germ presentation with a black light. In addition, we also have preparedness-themed cross words and word finds.
